My Class Attendance

This page shows information related to the Attendance for the current student(user).

Attendance Summary

A screenshot of the "Attendance Summary" search form. It has a light gray background. At the top, it says "Specify a search criteria to show the attendance details per day." Below this, there are two main sections. The first is labeled "Event" and contains a text input field with the placeholder "Type to search..." and a magnifying glass icon to its right. The second is labeled "Date Range" and contains two date input fields separated by a hyphen. The first date field is pre-filled with "05/31/2020". Below these fields is a blue button with the text "View Attendance".

- **Event-** Select from the list an **Event** to see the Attendance.
- **Date Range-** Select a Start_Date and End_Date range.

This is where a user can view the status (Present, Tardy, Absents) for each of the enrolled classes (if the faculty are using AccuCampus to keep track of their class attendance). Each row represents a session, you can see the date, time, status, and Amount of minutes recorded in each session, there is also a total # of minutes at the bottom.
