AccuCampus Version History

This is our log of enhancement and feature updates to the [AccuCampus](#) software over the different versions. All features and enhancements that are now available to you in the current release: [Version History / Change Log](#)

Development API

If you have developed an extension using our [AccuCampus API](#) for either AccuCampus or ADX, we will be glad to see it!

You can contribute back to the community by sending all your plug-ins to accucampus@engineerica.com, we will review it and post your code so others can take advantage of it in our wiki!

Self-Hosting Option

If you plan to host AccuCampus by your own, please review:

[Self-Hosting Server Requirements](#)

AccuCampus Mobile Application

AccuCampus includes a mobile/Tablet application that helps in all roles, below we have the setup Guide on how to download and install this application on your device:

[AccuCampus Mobile App Guide](#)

Contact our Support Team

After reviewing the documentation you can request support by [submitting a ticket](#).
