

Using a QR barcode with the device's Camera

[Click here](#) for instructions on how to download the [AccuClub](#) app.

1. After logging into [AccuClub](#) you will see the Sign-in/Sign-out screen. If you want to sign-in someone the arrow will be green simply tap the arrow to turn it red to sign-out someone. Next click the **Scan** button if you want to scan their QR codes or barcodes.

2. Once you scan the barcode or QR code your Apple device will emit a short high pitched "Beep-beep!" and you will see this green "Signed In" screen briefly.

If you hear a low pitched "Deerrrp!" sound emitted from the device you have encountered a misread and simply scan the barcode or QR code again.
