Tutor: Arlington, Dan
Instructor: Ash, Bradley R
Subject Area: Learning Support Mathematics
Services: Tutoring

Survey Results:

Lab Use Terms and Conditions Computer Labs may be reserved for group use in accordance with the following guidelines. Lab Capacity Only 1 student per workstation is permitted. Any reservation that requires an exception to this rule is at the discretion of the Lab management. Any class the violates the 1 student per workstation rule without consulting us may be asked to leave. Please, if you know that you'll have more than 20 students, reserve more than one lab. We have a system that electronically "joins" multiple labs to create a larger virtual classroom. Food and Drink Food and drink are strictly prohibited in the labs. Our staff will ask students to discard any food and/or drink on their person, or will simply ask the student to leave. The Office of Academic Computing Services 221 Lebron Hall College Park, FL 32765 321-405-1670 Do you Accept the terms and conditions presented to you?
