

Moderator Quick Start Guide

Conference Tracker Moderator App Layout

Social Feed

Moderators will be in charge of monitoring the social feed

Delete Post

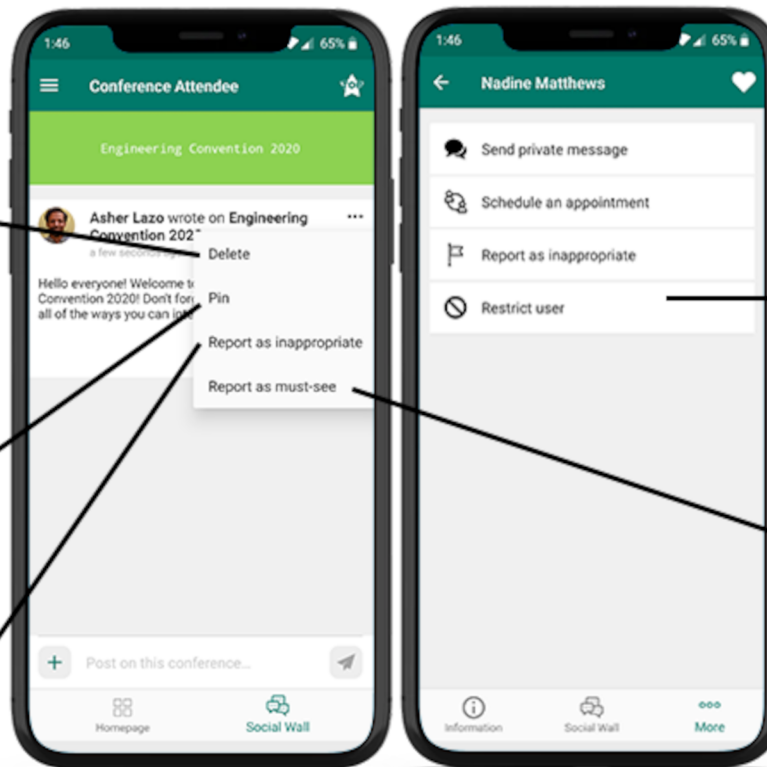

If any posts are deemed inappropriate by a moderator, they can remove the post

Pin a Post

Any important posts can be pinned to the top of the social feed

Report

Reporting a post will send it to an administrator for their review

User Moderation

Aside from the social feed, moderators can also monitor user profiles

Restrict User

A moderator can fully restrict a user from posting if they are repeat offenders

Must-See

Marking a post as must-see will send a notification to users about the post

Additional Features

Moderators also have access to all features provided to Attendees. These features include:

- Message other presenters and attendees
- Schedule appointments
- View exhibitors and sponsors
- Interact with other social feeds throughout the conference
- View conference announcements
- And much more!
