Workshop Title

Robotics Seminar 2

Start:

07/19/2019 02:30 PM

End:

07/19/2019 03:30 PM

Registration Deadline:

07/19/2019 02:45 PM

☐ Closed

Seats available

5

Location

City of Tomorrow Stadium

Presenter

Dr. Light Yagami

Description

A truly magnificent experience with world- renowned Robotacist, Dr. Light Yagami. With him will be his latest creation - The Reploid X Prototype!! How exciting!!! The Reploid X Prototype will be the first reploid ever to have the power of 'choice.' Only five participants can take part in this seminar, so only the chosen will marvel in the Future!!!!

Register

Drop

The screen lists open seminars in the list box at the top. To sign up for a seminar, the student can click the “Register” button. The “Register” button will be disabled if the registration date/time has passed or if that seminar's registration is closed, cancelled, or filled.

If the student is already registered for the seminar, a check will appear in the checkbox in the Registered column.

After registering to the seminar, the student should click on the “Close” button to return to the main sign-in screen.

New for version 2016 and later, you can now initiate a Seminar Sign-in from the Tutor Pad and then determine which students that signed up for the seminar actually showed up for it. You can also allow only select students or a student group to be allowed to register.
