**This iPad Kiosk feature is currently not available for AccuTraining but can be developed for an additional cost to the software purchase.**

Using an Apple iPad or iPad mini mounted in a kiosk

Have the students sign-in by reading a barcode with the iPad's front camera while keeping the device locked to display a classroom's scheduled courses through out the day in a tamper-free kiosk mode.

This feature is currently not available for AccuTraining but can be developed for an additional cost to the software purchase.

Click here to choose another device for tracking attendance with AccuTraining.
